In a distracted world, reMarkable 2 was designed to not get in your brain's way. Free from distractions, you can find the focus you need to think better. No notifications, social media, or email — just you and your thoughts.

*The second-generation CANVAS display*

## A breakthrough technology

We've spent six years developing technology that mimics the tactile nature and immediate response of paper. Qualities that make paper a simple, yet powerful and flexible tool for thinking. The result is the second-generation CANVAS display. Twice as fast as its
